REACH Compliance Statement

Lügde, 27.10.2026

Dear Sir or Madam,

We hereby confirm, to the best of our knowledge and based on the information provided to us by our suppliers, that the products supplied by DINOL GmbH comply with the applicable requirements of Regulation (EC) No. 1907/2006 (REACH).
To the best of our knowledge and unless otherwise specified for a particular product, the products supplied by us do not contain substances included on the current Candidate List of Substances of Very High Concern (SVHC) pursuant to Article 59 of the REACH Regulation in concentrations exceeding 0.1% by weight (w/w).
This declaration is based on the information currently available from our suppliers, existing product data, and our present state of knowledge at the date of issuance. DINOL GmbH does not routinely perform analytical testing for all substances regulated under REACH.
As regulatory requirements, candidate lists, and substance evaluations may change over time, this declaration applies only as of the date of issuance. It does not constitute a warranty of product quality or a legally binding guarantee of specific product properties.
Should new information become available that materially affects the REACH assessment of the products supplied, we will evaluate the impact and, where appropriate, take the necessary actions.
