Declaration of Conformity to the Conflict Minerals legislation

Dear Customers,

DINOL GmbH does not source minerals or metals covered by Regulation (EU) 2017/821 directly from mines, smelters or refiners, but rather through upstream suppliers and processing companies.
To the best of our knowledge and based on the information and declarations currently available to us from our suppliers, we are not aware of any relevant materials used in our products originating from conflict-affected or high-risk areas or contributing to the financing of conflicts.
Our statements are based on the information available within the supply chain at the time of this declaration.
Regulation (EU) 2017/821 covers tin, tantalum and tungsten, their ores, as well as gold originating from conflict-affected and high-risk areas.
